MM Docket No. 99-358  
RM-9783

To: Chief, Allocations Branch

**COUNTERPROPOSAL**

BUCHANAN RADIOWORKS ("BR"), by its attorney, hereby submits its Counterproposal requesting that the Commission amend Section 73.202(b) of its rules to allot Channel 240A to the community of Buchanan Dam, Texas in lieu of Burnet, Texas as proposed in the Commission Notice of Proposed Rule Making ("NPRM") in the above-captioned proceeding.<sup>1</sup> In support of its position, BR submits the following:

The NPRM proposes to amend the Commission Table of Allotments to allot Channel 240A to the community of Burnet, Texas as that community's fourth broadcast service.<sup>2</sup> The proposed allotment of Channel 240A to the community of Buchanan Dam complies with the Commission's technical rules and would better serve the Commission's allotment priorities and the public interest since Buchanan Dam would obtain a first local service. Under the FCC's allotment criteria, a first local service is preferred over additional local services. See Revision of FM Policies and Procedures, 90 FCC 2d 88 (1982).

---

<sup>1</sup> NPRM, DA 99-2810, released December 17, 1999.

The community of Buchanan Dam is a Census-designated place with a 1990 population of 1,099 persons. Buchanan Spring has sufficient indices to qualify as a community for allotment purposes. See Attachment. Buchanan Dam has its own Post Office and zipcode. The community also has its own fire department, chamber of commerce and community center. Buchanan Dam also has numerous commercial establishments, law office, restaurants, motels, banks, churches and a medical center, with street addresses. Thus, Buchanan Dam has sufficient entities to establish community status.

BR hereby states that should the Commission grant the instant counterproposal to allot Channel 240A to Buchanan Dam, Texas, BR will file an application for construction permit for Channel 240A at Buchanan Dam and, if its application is granted, BR would promptly construct a new FM station to serve Buchanan Dam.

Accordingly, for the reasons stated above, BR respectfully requests that the Commission amend its Table of Allotments to allot Channel 240A to Buchanan Dam, Texas.

Respectfully submitted,

BUCHANAN RADIOWORKS
